

SAQEEB HASSAN

125 Martin Grove Road
Toronto, Ontario M9B4K7
saqeeb95@gmail.com
647-224-8873

RESEARCH INTERESTS

MRI, Cardiac MRI, Non-Cartesian Trajectories

EDUCATION

MSc in Medical Biophysics, September 2021 – University of Toronto, Toronto, ON
BSc in Physics with Distinction, June 2017 – Queen's University, Kingston, ON

PROFESSIONAL EXPERIENCE

Research Assistant, Department of Biomedical and Molecular Sciences, Queen's University, May – August 2016

HONORS / AWARDS

Queen Elizabeth II Graduate Scholarship in Science and Technology, 2017-2018
Queen Elizabeth II Graduate Scholarship in Science and Technology, 2018-2019

WORKSHOP PRESENTATIONS

Hassan S. and Wright G.A. (2019). Improving the Magnetic Resonance Characterization of Cardiac Infarct Heterogeneity with Non-Cartesian Gradients. James Lepock Memorial Symposium, Toronto, ON.

VOLUNTEER

Social Committee President – Department of Medical Biophysics Graduate Student Association, 2017-2019
